Now that you have been to Robin Hill, you have to decide on one thing which you thought was absolutely brilliant!

You are going to prepare a talk on one element of the theme park (for example: a ride, an activity or something in one of the play or nature areas).

Your speech will be delivered to children in key stage one and these students will decide which activity sounds the most exciting. It's time to get your selling hats on to beat the competition!

IN SMALL GROUPS:

- » You are going to write a speech (to deliver to the children in key stage one) to try to persuade them that they must try your favourite activity at Robin Hill Country Park.
- » How you describe your activity is really important because you need to make sure that your audience is excited by what you say.
- » To help you, we have looked at some of the ways that people use language to sell their ideas and you should use these techniques to persuade everyone that they must try the activity or ride which you have chosen as it's the best!
- » You could use the photographs on the Robin Hill website if they help you (or you might have taken your own pictures when you were there).
- » Remember – you want them to choose your activity or ride as the best!
