You will then be given lots of images of chines, in the form of photographs. Some of these will be close-ups of parts of the chine and some will be the chine as a whole.

Your task is going to be to use one of these photographs to produce a piece of art work.

Things to think about...

- ✓ How will you make the colours as real as possible?
- ✓ Will you use different media to produce your piece of artwork, such as paint, textiles and pencils?
- ✓ Can you use some of the correct vocabulary to describe some of the images within your piece of art?
- ✓ Once you have finished, you will all get together and decide which pieces of art can be matched to the photographs.
- ✓ Will yours be good enough to be paired with its original picture? Good luck!
