Churches in Medieval Britain

Education
Destination

Contextual Summary

This is an R.E. and History crossover resource that engages students with their visit to The Model Village, Godshill, and the village of Godshill, specifically the church (All Saints' Church).

The resource tasks enable students to extend their knowledge about churches and their historical features, both inside and outside. The task links to specific aspects of the model village that they will have explored during their visit - the model church. They will then explore the actual church itself.

The tasks are designed to appeal to students in key stage 3.

This task can be introduced before the visit to The Model Village as students could complete the 'matching' part of the worksheet before they visit - they can then locate the features when on their visit.

The tasks can be integrated into R.E. or History lessons at any stage throughout the academic year.

It is anticipated that students will have an enriched experience as they will be visiting a medieval church and identifying historical features, whilst gaining an understanding of their use and what they tell us about life in and around the village of Godshill over time.

Contextual notes about the history of the church are provided as an appendix to the resource, for teachers to make use of as they wish.

Ability Levels

There are three variants of this resource for key stage 3 for low, mid and high ability students.

Key skills practised in this unit:

- ▶ Gaining knowledge about medieval history
- ▶ Literacy skills (matching a description to a feature)

Relationship to Curriculum

The above skills are required to be taught and practised as per the National Curriculum, for key stage 3, History. They also link to the DfE Guidance for schools, for Religious Education.
